Chubb's Digital business accelerated campaign is designed for you

CHUBB

How-to guide: Make the most of our new research

Chubb is launching a new campaign designed to help you protect your small and mid-sized business clients in today's changing digital landscape.

We collaborated with Accenture before the arrival of COVID-19 to survey 1,350 executives from around the world and uncover the most important digital trends — and the new risks arising alongside.

An extensive suite of materials, based on the survey's results, means you can pick and choose the collateral that works for you and your clients.

Everything you need to know about the research, and the details of the campaign, is included in this how-to guide, so it's easy for you to absorb the insights and pass them on directly to your clients.
