

SMALL BUSINESS, BIG PROTECTION.

Chubb Cyber Stack: Stacking Up Your Digital Defence

At Chubb, we are always striving to provide the best protection and support for our valued policyholders. Chubb Cyber Stack is a curated collection delivered by a network of trusted cybersecurity providers. Specifically designed for small businesses, these services are geared towards preventing cyber incidents and empowering effective management and response. Our knowledgeable Incident Response Team is also readily available to provide swift and efficient support, ensuring that a cyber incident receives a prompt response.

Complimentary Cyber Protection Designed for Small Businesses

1-Year of Services¹

If you're a small business with less than 100 employees, you can receive complimentary robust cyber security protections for a full year and enjoy up to €27,000 in savings, ensuring your organization remains secure and can thrive in today's digital landscape.

Dedicated Cyber Risk Advisor

With deep knowledge in cybersecurity, our dedicated advisor will fully comprehend your organization's needs and tailor the right services to minimize your exposure. Additionally, you will have convenient access to on-demand consulting regarding essential security features and controls offered within popular small business technology software products and platforms.

Comprehensive Cyber Services Suite

Seamlessly integrate robust cybersecurity measures into your operations to give peace of mind by improving defence associated with most common losses.

68% of all breaches involved a non-malicious human element, such as error or falling victim to a phishing scam.

31% of breaches over the past 10 years involved stolen credentials.

1. Terms and conditions are subject to change. The complimentary cost is a one-year period and is applicable only to policyholders who are net new subscribers/customers to the respective services. Furthermore, eligible policyholders must meet the size limitation of having 100 employees or less to qualify for select services. Review specific terms and conditions of each service provider to ensure eligibility and to stay updated on any changes that may occur. Average savings based on US-wide survey, of participating vendors from 6/15/24 to 7/15/24 who reported pricing for their services without cyber insurance in place.
2. Businesses are entitled to receive complimentary cyber services for one full year. After the complimentary year, businesses are eligible to continue the cyber services at a 25% discount upon renewal.

* Please note that cyber services remain complimentary throughout the duration of the Chubb Cyber policy.

All Cyber services are subject to change. Any changes to the service offering will be reflected on the local Cyber services webform. Policyholders are responsible for reviewing specific terms and conditions of each cyber service provider to ensure eligibility and to stay updated on any changes that may occur.

DISCOUNTED CYBER SERVICES OFFERED BY THIRD PARTY VENDORS: External Vulnerability Monitoring, Secure Password Manager.

The cyber services set forth above are offered by third party vendors at no additional cost to Chubb policyholders for the stated initial period, provided the policyholder is a new subscriber/customer to the cyber services on offer by the chosen third-party vendor and the policyholder otherwise meets the stated eligibility requirements. After expiration of the stated initial period, policyholders may have the option to continue their cyber services at a discounted rate upon renewal. Please note that the specific discount may vary between products and services. Discounts on products and services offered by cyber services vendors are available only to Chubb policyholders with current in-force policies and are subject to applicable insurance laws. The products and services provided by third party vendors will be governed by contract terms the policyholder enters into with the third-party vendor. Chubb will not be involved in the policyholder's decision to purchase services and has no responsibility for products or services that are provided by any third-party vendor.

Essential Everyday Protections

Chubb Cyber Stack zeroes in on the most pressing concerns of small businesses, addressing issues such as employee errors, weak credentialing, and software vulnerabilities with a high probability of exploitation. Businesses can choose any or all of the following complimentary offerings, providing potential cost savings of up to €27,000:

- **Attack Surface Management*** — Gain insights into the perspective of cybercriminals on your network, allowing you to detect and resolve vulnerabilities and misconfigurations proactively.
- **Continuous Vulnerability Scanning*** — Chubb's Cyber Threat Intelligence Team continually monitors, scans, and identifies actively exploited threats, enabling you to promptly respond and ensuring the ongoing security and protection of your network.
- **Cyber Awareness Training²** — Online courses arm employees with practical, actionable insights to spot and stop cyber threats.
- **Password Management²** — Simplifies management of all passwords, while reducing recycled passwords and strengthening employee credentialing practices.
- **Phishing Simulations²** — A customized simulated phishing attack based on the latest threats, test employees, and provide a platform to increase awareness and tighten security.
- **Incident Response*** — Plan your cyber incident response plan and readiness with guided templates to master a proper response when an incident occurs.
