- 1.2 The insurance is established based on an insurance policy (the “**policy**”) concluded between the insurer and the policyholder. The conditions form an inseparable part of the policy (any reference of the act to the policy shall therefore be understood as including reference to the conditions).

2. Scope Of Insurance Cover – Insured Event, Insured Peril

2.1 Property Insurance

- 2.1.1 **Insured event – all risks property insurance** If the insurance is provided on all risks basis, the insured event is a property damage occurring during the policy period to the insured property located at the insured location, not otherwise excluded.
- 2.1.2 **Insured event – named risks property insurance** If the insurance is provided on named risks basis, the insured event is a property damage occurring during the policy period to the insured property located at the insured location, arising as a consequence of direct influence of an insured peril; the policy shall set out individual specific insured perils covered.

2.2 Business interruption insurance

- 2.2.1 **Insured event – BI insurance** The insured event is full or partial interruption of or interference with the business of the insured at the insured location arising during the policy period as a direct result of occurrence of insured event under property insurance including loss events which are not insured events under property insurance due to application of a deductible. The business interruption insurance is provided only if the policy specifically sets so and determines the type of the insurance to apply.
- 2.2.2 **Gross profit insurance** If the gross profit insurance is agreed in the policy, the insurer shall provide indemnity for (i) loss of gross profit due to a) “reduction in turnover” and b) “increase in cost of working” and (ii) “additional increase in cost of working” and the financial loss shall be calculated as follows:

- (i) a) loss in respect of “reduction in turnover” equals to the sum produced by applying the rate of gross profit to the amount by which the turnover during the indemnity period shall, in consequence of the insured event, fall short of the standard turnover;
- (i) b) “increase in cost of working” equals to the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the “reduction in turnover” which but for that expenditure would have taken place during the indemnity period in consequence of the property damage but not exceeding the sum produced by applying the rate of gross profit to the amount of the reduction thereby avoided;

less any sum saved during the indemnity period in respect of such of the charges and expenses of the business payable out of gross profit as may cease or be reduced in consequence of the property damage.

Cap of loss of gross profit: If at the commencement of the insured event the sum insured in respect of gross profit (or the indemnity limit) shown in the policy is less than the sum produced by applying the rate of gross profit to the annual turnover (or to a proportionately increased multiple thereof where the maximum indemnity period exceeds twelve months) the amount of the financial loss shall be proportionately reduced.

- (ii) “additional increase in cost of working” equals to further additional expenses beyond that recoverable under item (i) b) above necessarily and reasonably incurred during the indemnity period in consequence of the insured event for the sole purpose of avoiding or diminishing a “reduction in turnover” or resuming or maintaining normal business operations, but not exceeding the specific indemnity limit.

- 2.2.3 **Gross revenue insurance** If the gross revenue insurance is agreed in the policy, the insurer shall provide indemnity for a) “loss of gross revenue” and b) “increase in cost of working” and the financial loss shall be calculated as follows:

- a) “loss of gross revenue” equals to the amount by which the gross revenue during the indemnity period shall, in consequence of the insured event, fall short of the standard gross revenue;
- b) “increase in cost of working” equals to the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the reduction in gross revenue which but for that expenditure would

have taken place during the indemnity period in consequence of the insured event but not exceeding the amount of the reduction thereby avoided,

less any sum saved during the indemnity period in respect of such of the charges and expenses of the business necessary to achieve the gross revenue as may cease or be reduced in consequence of the property damage.

Cap of loss of gross revenue: If at the commencement of the property damage the sum insured in respect of gross revenue (or indemnity limit) shown in the policy is less than the annual gross revenue (or to a proportionately increased multiple thereof where the maximum indemnity period exceeds twelve months) the amount of the financial loss shall be proportionately reduced.

2.2.4 **“Increase in Cost of Working” insurance** If the increase in cost of working insurance is agreed in the policy, the insurer shall provide indemnity for additional expenditure necessarily and reasonably incurred by the insured for the purpose or resuming or maintaining business during the indemnity period, but not exceeding the indemnity limit for this insurance.

- a) “loss of rent receivable” equals to the amount by which the rent receivable during the indemnity period shall, in consequence of the insured event, fall short of the standard rent receivable,
- b) “increase in cost of working” equals to the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the loss of rent receivable which but for that expenditure would have taken place during the indemnity period in consequence of the insured event but not exceeding the amount of the reduction in rent receivable thereby avoided,

less any sum saved during the indemnity period in respect of such of the charges and expenses necessary to achieve the rent receivable as may cease or be reduced in consequence of the property damage.

- 4.2.1 The insurance can be concluded only if there is an insurable interest of the policyholder.
- 4.2.2 The insurance can be concluded also on the insurable interest which arises in the future. However, if such insurable interest does not arise, the policyholder is not obliged to pay premiums.

If any insured event shall have occurred, giving rise to a claim under the policy, such return shall be made in respect only of so much of the said difference as is not due to such insured event.
- 4.4.3 In case that the insurance expires at any other moment than at expiry of the policy period, the insurer is entitled for a pro rata temporis (calculated on a daily basis) portion of the premium corresponding to the proportion of duration of actual insurance coverage to originally expected duration of the policy period. For the purposes of indemnity calculation the indemnity limit effective at the time of the insured event shall apply.
- 4.6.5 Unless otherwise agreed in the policy, any indemnity limit (other than that described as applying in the aggregate) will not be reduced by the amount of any loss and the policyholder undertakes to pay additional premium as may be required from the date of such loss.

The insured property however shall not be considered as recovered in case:
- i) its possession was lost and either cannot be regained at all or can be regained with disproportionate difficulties or costs only; or
 - ii) the property was damaged to the extent that as such it ceased to exist, or can be repaired with disproportionate costs only.
