Chubb Life

“With Chubb
Life Myanmar,
we have you
covered”

We CANNOT avoid RISK.

Risk means uncertainties in life. Accidents, illnesses, dread diseases, etc could happen to anyone of us and our loved ones at a time we least expect. However, what more critical is not the risk itself, but the disastrous impact of the financial loss and burden that the risk would cause to you and the people you care the most.

In life, the dreaded and sudden risks that can cause heavy financial and emotional losses to us are

- Accident
- Hospitalization
- Critical Illnesses
- Death

Therefore, it makes sense to prepare and manage all these risks by ensuring that we have the emergency cash and income replacement when it does happen so that we and our loved ones can be taken care of and continue with our lives.

With Chubb Life Myanmar, we have you covered!
