

Chubb Risk Consulting

SERVICES FOR

Cultural Institution Clients

From museums and historic buildings to botanical gardens and zoos, each cultural institution must responsibly protect its facility, its collections, and its operations. The risks these institutions face are as unique as their exhibits. With decades of risk management experience and tailored insurance products, Chubb is prepared to meet the specialized needs of many cultural institutions.

[Chubb Risk Consulting](#) offers tools, resources, and specialization to provide solution-oriented products and services. We craft pragmatic solutions with our insureds and offer recommendations to help minimize loss potential. Employing a network of nearly 500 global risk engineers

and more than 120 risk specialists, with decades of experience, Chubb's risk engineers take the time to understand each company to align service strategies with its business needs.

The [Chubb Risk Engineering Center](#) is fully equipped and staffed to deliver loss mitigation training across multiple lines of business and offers courses specifically tailored to address the unique risks faced by clients. Our Center is dedicated to providing advanced and collaborative educational resources, ensuring clients can access the latest tools and knowledge specifically designed to manage their risks effectively.

Examples of Success Stories

Art Museum

A large metropolitan art museum, hosting hundreds of thousands of visitors annually, sought Chubb's expertise in risk consulting to ensure comprehensive protection and financial security. Chubb's in-house risk engineers, specializing in cultural institutions, provided valuation assessments without additional charges and offered loss mitigation strategies, including slip and fall analysis and water leak detection technologies. Chubb addressed the museum's unique exposures, such as high foot traffic and special events.
