

BREAKING ALERT:

Chubb Vulnerability Alert System - “CVE-2025-14847 MongoDB and MongoDB Server”

Chubb provides alerts to keep our policyholders informed of risks that may affect their organizations. MongoDB recently disclosed a critical severity vulnerability, [CVE-2025-14847](#), affecting MongoDB and MongoDB Server. Exploitation of this vulnerability could allow remote unauthenticated attackers to read server memory data such as credentials, API keys, and authentication tokens. Active exploitation of this vulnerability has been observed in the wild.

MongoDB has [released details](#) on the potential impact and advises those affected to patch their systems to mitigate the risk. A workaround is also available if immediate patching is not practicable.

Chubb’s Cyber Risk Advisory Team is available to answer your questions and help mitigate cyber exposures like the one described above. To request advisory services, please [click here](#).

For additional information, please contact cyber@chubb.com. You may also use Chubb's interactive tool [Chubb Cyber Index®](#) to access additional resources to help evaluate and address cyber risks your business may face.

[Learn more about Chubb's Cyber Services.](#)

Chubb's cyber insurance policyholders are monitored using non-intrusive outside web scanning methods. While these methods vary and are subject to change, the insights generated are typically viewable in cybersecurity rating company reports, such as those provided by BitSight and Security Scorecard, which all Chubb cyber policyholders have complimentary access to review. For more information about vulnerability alerts and our scanning technology or to sign up, click [here](#) ; or contact Chubb's Cyber Global Risk Advisors at cyber@chubb.com. Chubb makes no representations or warranties around these continuous monitoring efforts, and cannot reasonably alert all policyholders about all observed vulnerabilities. For more thorough service, consider speaking with a Managed Security Service Provider.

Chubb is the marketing name used to refer to subsidiaries of Chubb Limited providing insurance and related services. For a list of these subsidiaries, please visit our website at www.chubb.com. The materials and information contained herein are distributed for informational purposes only by ACE American Insurance Company on behalf of itself and its U.S.-based affiliates. The information provided is advisory in nature and is offered as a resource to be used together with your professional insurance, technical, legal, and other advisors in maintaining a cyber loss prevention program. The information provided should not be relied on as technical, insurance, or legal advice or a definitive statement of the law in any jurisdiction. For such advice, you should consult your own legal counsel, technical advisor, or insurance consultant. No liabilities or warranties are assumed or provided by the information contained in this email or document or in other information provided by Chubb's Cyber Risk Advisory Team. You are under no obligation to contract for services that may be recommended or with any of the service providers. Adoption of a recommendation or vendor is your independent choice. Neither Chubb nor its employees or agents make any warranties or assume any liability for the recommendations or the performance of any vendor, including any goods or services received. Before you adopt a recommendation or engage with vendors, you should conduct your own due diligence to ensure the company and its services meet your needs. Unless otherwise indicated or approved, payment for services provided by any vendor is your responsibility.
