

Major Accounts

Empowering sustainable global growth with tailored risk solutions

Large corporate and multinational organisations need a tailor-made insurance programme that offers a comprehensive risk management solution, seamlessly spanning borders and lines of business.

Clients are at the heart of our decisions

At Chubb, we understand the intricacies of running large, sophisticated businesses. By placing your requirements at the centre of our decision-making process, we empower you to focus on what truly matters: cultivating your business and pursuing sustainable growth.

Chubb strives to help you manage complex, interconnected risks such as:

Geopolitical uncertainty

Cyber threats

Natural catastrophes

Business interruption

Environmental damage

Tailored partnerships for large businesses

As a Chubb client, you get more than just an insurance policy.

Focusing our worldwide underwriting, service and claims expertise exclusively on large organisations, our dedicated Major Accounts team will collaborate with you to create bespoke and effective solutions for your business, while ensuring transparency and fostering an open dialogue with you.

Combine all this with holistic client relationship management, professional claims handling and risk engineering services, and you have a partner who is fully invested in your business.

Global Client Executives (GCEs)

Serving as a single point of contact for our key clients, our GCEs have deep industry knowledge and manage all facets of the relationship to ensure we deliver market leading service.

Dedicated Underwriters

Our underwriters work as a team across product lines, taking a whole account view when assessing your risks to tailor a solution that fits your requirements.

Risk Engineers

Experienced professionals who are able to provide pre- and post-loss risk mitigation advice and practical training for our clients.

Global Services

Experienced experts in key locations to efficiently implement and service compliant multinational programmes across our global network.

Claims Client Relationship Managers

A single point of contact to coordinate and manage the delivery of our renowned claims services efficiently and effectively.

Stewardship

Enhanced client engagement through regular meetings to understand our clients' businesses, the challenges they face and how Chubb can address their needs.

Global footprint, local expertise

Drawing on our broad network of 54 countries and territories, as well as network partners across 128 countries, Chubb is able to issue policies in over 200 countries and territories. Our Global Services team ensures timely implementation and consistent administration of your programme.

98%

of Global Fortune 1000 companies are insured by Chubb

100,000

multinational claims managed annually

70,000+

local policies issued annually

Worldview®

Powerful, comprehensive and transparent, Worldview®, our unique and award-winning web-based platform, provides real-time access to the status of your entire insurance programme. Available exclusively to Chubb clients and their brokers, Worldview® allows you to:

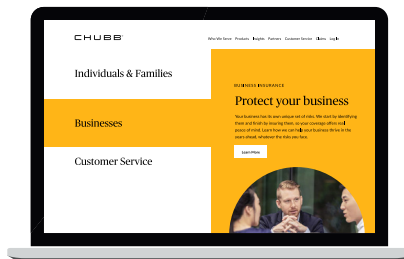

1. View program and claims updates
2. Get copies of local policies and certificates
3. Access proprietary research tools
4. Configure alerts and reports; and more

Risk Engineering Services

For over 70 years, Chubb's risk engineers have provided trusted risk management guidance and support. Today our network of over 400 in-house specialists bring expertise from diverse engineering backgrounds and industry sectors, and are well-versed in local regulations, current best practices, and international loss prevention standards.

We rely on client input to develop tailored risk solutions that meet unique requirements, tackle emerging risks, and complement existing Enterprise Risk Management programmes.
